

Back on Track

From policy to practice: Delivering social inclusion for rural NEETs in the Danube Region

Policy Focused Communication Event

18 November 2025, Brussels (BE)

This Communication Event will showcase the progress and lessons learned from the *Back On Track* project over the past year and a half, highlighting **how regional cooperation can turn European policy goals into meaningful local action**.

Taking place within the **YES Forum's Policy Event *Connecting Regional Realities with European Strategies***, the session offers a concrete example of how the **European Pillar of Social Rights** can be implemented on the ground through inclusive approaches, tailored support, and strong collaboration across sectors.

Project **partners, stakeholders, and young people** involved in *Back On Track* will join the event, contribute their perspectives, and connect with EU-level dialogue on youth employment and inclusion.

*The event will be held in **English**. Youth workers are encouraged to support young participants in following and engaging with the discussion. Speakers will be invited to use clear and accessible language throughout.*

[Registration is open!](#)
