The FUA Good Practices in Slovenia

2nd PP meeting

12. 2. 2026

Špela Flegar, RDAPM

Regional Development Network of Podravje

Main Topics: Economic development, Human public services, Intermunicipal cooperation, Public participation & governance

Stakeholders Involved: RDA, Local development institutions, LAGs, other regional promotion and development actors

Background

- Strategic cooperation among key development institutions
- Focus on regional development priorities
- Approved by the Regional Council
- Established and coordinated by the RDAPM

Main Objectives

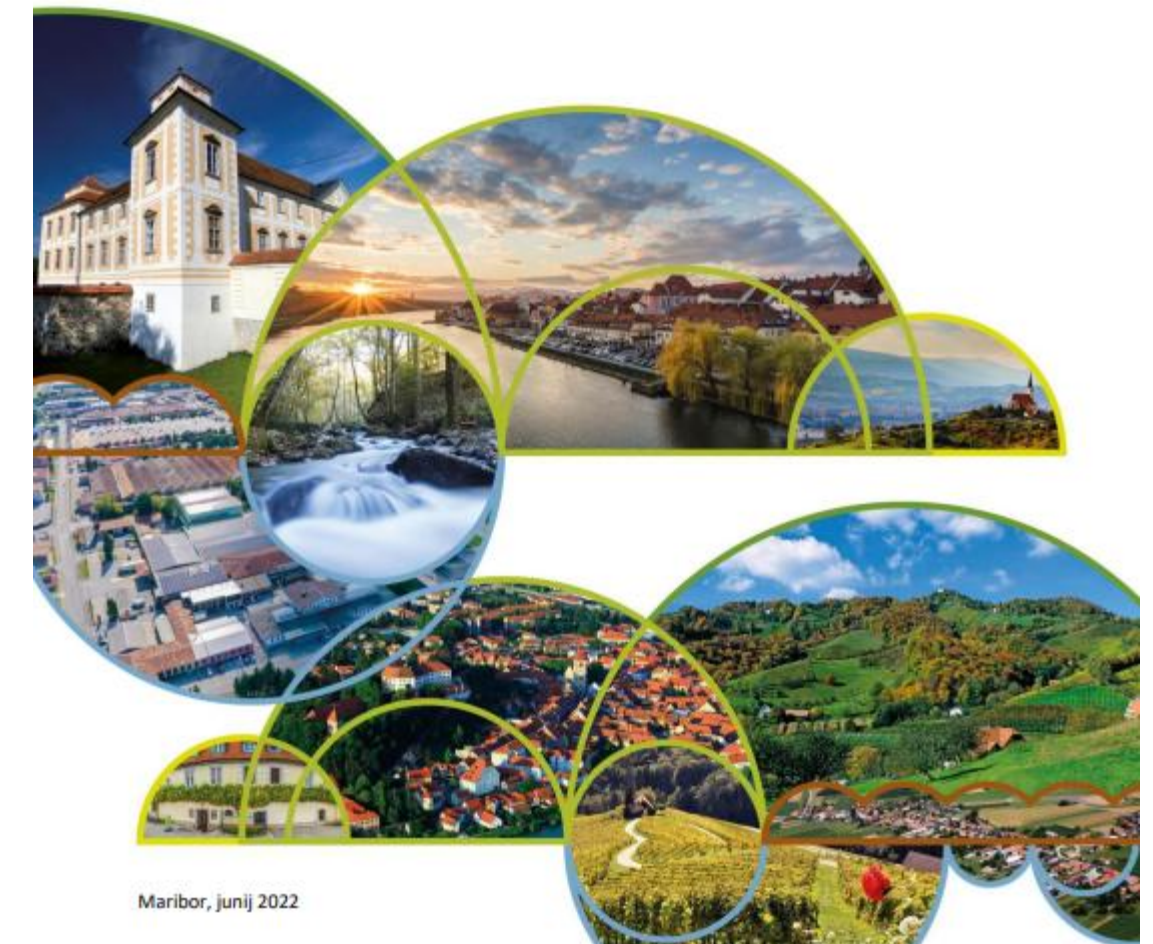

- Provide development initiatives to the Regional Council
- Cooperate in preparation & implementation of regional projects
- Ensure information exchange among institutions
- Perform consultative tasks in regional development

Key Results & Achievements

- Regional Development Programme of Podravje 2021–2027
- Strengthened intermunicipal cooperation
- Improved coordination among development institutions
- Enhanced support for local stakeholders
- Increased regional visibility and strategic alignment

REGIONALNI RAZVOJNI PROGRAM PODRAVJA 2021–2027

Regional Mobility Center Podravje

Main Topic: Mobility & Transportation, Environment & Sustainability, Urban and spatial planning, Public participation & governance

Stakeholders Involved: RDAPM, 41 municipalities, Ministry of Environment, Climate, and Energy, Public transport operators, Civil society organizations, Research institutions, Citizens

Background:

- Established on January 1, 2025
- Addresses transport congestion, urbanization, and car dependency
- Regional platform linking municipalities, national authorities, and stakeholders
- Promotes sustainable mobility and regional accessibility

Main Objectives:

- Empower local communities for better transport planning
- Promote sustainable travel modes (cycling, public transport)
- Improve cooperation between municipalities and state authorities
- Ensure equal mobility access for all residents
- Raise awareness of sustainable mobility practices

Key Results & Achievements

- Established regional coordination structure for sustainable mobility
- Integrated transport and cycling network frameworks developed
- Improved inter-municipal cooperation on transport planning
- Enhanced public transport services and multimodality
